**Ero s onoga svijeta (Ero the Joker) > Act III > Finale – Kolo (Round-dance)**

Što na nebu sjaj visoko,  
nije mjesec nego soko.  
Što u krilo zvijezda pada,  
zvijezda to je moma mlada.

Sadj i s njome, moj sokole,  
sadj i s njom na ravno dole,  
pokraj bistro izvor vode  
kraj kog vile kolo vode,  
džbun i trava gdje miriše,  
slavuj ptica gdje bigliše;  
pa je grli, pa je voli,  
dok se sunce ne pomoli.

Skokni, daj! Skokni, dragi/a, u kolu, haj! Veselo, haj!

---

*What is shining up there in the sky,  
it's not the moon, but it is a grey falcon.  
To his knee a shining star is falling,  
it is not a star but a young girl.*

*Come down with her my falcon,  
come down with her to the pains,  
beside the clear springs of water  
where the fairies dance a kolo,  
shrubs and grass smell sweetly there,  
there the nightingale sings loud;  
there embrace her, and there love her,  
love her till the sun is setting.*

*Jump, diy! Into the 'kolo', my love, hiy! Happily, hiy!*
